Subject:RE: Utilization of the EA

I reached out to E, K, F, D and H, yesterday on this question. So far it appears that no one has used any EA powers.

Coutts, Emerson and Pac Crossing all resolved prior to EA being enacted.

Will check in again and post if they have had anything overnight.

Thanks,

Sorab

Subject: RE: Utilization of the EA

Hey there –

- OPP has exercised their authority to compel tow truck operators– we have copies of compelling notices for two vendors to date.
- We don't believe that RCMP has exercised the authority but it has been delegated to and accepted by 20 individuals.

Jen

Subject: Utilization of the EA

Good afternoon – the Commissioner requires input upcoming meetings this weekend...

The ask is to provide tangible examples (i.e., not an inventory) from different places across the country where we have utilized the EA measures.

Of course, we are getting some of this (e.g., stats on economic measures) so don't need that, but the assumption is that there are others example. As you turn your attention to this, think about both the concrete actions, as well as how perhaps even the communication on the implications of the measures were used to deter/prevent blockage etc.

If we can get consolidated input from your respective areas before 12 tomorrow it would be greatly appreciated. Input can be sent directly to Andrea, please

Thanks so much in advance.

Alison
